About Us

Ambient Support (formerly known as Heritage Care and Community Options) is a registered UK charity with over 25 years experience in providing care and support services for older people, people with a mental health need and people with a learning disability.

Our wide range of quality specialist services are delivered by our dedicated, professional and passionate staff and our success is built on supporting people to live a full and meaningful life – regardless of age, health or disability.

At Ambient Support we believe:

That everyone is unique and they should be able to lead valued lives in their communities, treated with dignity and respect no matter their age, health condition or disability.

About Gardenia House

Gardenia House is a community based, purpose built Care Home in the heart of Dartford.

It is an intimate Residential Home that is able to provide care and support to 25 residents.

Gardenia House provides a friendly, supportive and welcoming home from home environment with regular and varied activities, outings and events organised.

Our on-site catering team serve delicious and nutritious home cooked meals from locally sourced ingredients where possible. Residents have a choice of dining with others or in their rooms.

Gardenia House has two tranquil small gardens in its grounds, which are fully wheelchair accessible for residents and visitors alike.

Making the transition...

With over 25+ years of experience providing care for older people, Ambient Support recognise that making the transition into care can be unsettling.

That's why our professionally trained team at Gardenia House are on hand to support residents and their families alike, 24 hours a day, 7 days a week.

Personalised care and support

The Ambient Way means that at Gardenia House our staff team provide a person centred approach to care and support: we believe that each person is an individual with unique qualities and should be valued as a person first and foremost.

We develop care and support plans in conjunction with guests and their families so people are supported in a way which is right for them.

Respite & Short Stay Service

With over 20 years of experience providing care for older people, Ambient Support recognises that providing Respite & Short Stays for people, when families and carers need a break themselves or unexpected events occur is key for everyone's peace of mind.

Carers and families can take that well deserved break knowing their loved ones are being taken care of in a safe and supportive environment.

Our staff teams welcome temporary guests into the home and soon our Respite residents are participating and enjoying all the facilities, activities and events that we provide, with many choosing to return to us year on year.

Delivering quality care and services

- All rooms have en-suite with TV point
- 24 hour call system / WIFI
- Spacious, bright lounge area
- In-house activities co-ordinator
- Activities & events during a stay
